The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial data. This includes not only sales and purchases but also expenses and income. The text suggests that a consistent and thorough record-keeping system is essential for identifying trends and making informed decisions.

In the second section, the author addresses the challenges of budgeting and financial planning. It notes that many businesses struggle to stay within their budgets due to unforeseen expenses or changes in market conditions. The text provides several strategies to mitigate these risks, such as creating a contingency fund and regularly reviewing the budget to adjust for any deviations. It also highlights the importance of having a clear financial goal and a realistic timeline for achieving it.

The third part of the document focuses on the role of technology in modern business operations. It discusses how various software solutions, such as accounting systems and CRM tools, can streamline processes and improve efficiency. The text mentions that while technology offers many benefits, it also comes with its own set of challenges, including data security and the need for employee training. The author advises businesses to carefully evaluate their options and invest in technology that aligns with their specific needs and goals.

Finally, the document concludes with a section on the importance of customer service and relationship management. It states that providing excellent customer service is not just a nice-to-have but a critical component of long-term success. The text suggests that businesses should invest in training for their staff and implement systems to track customer feedback. By building strong relationships with their customers, businesses can increase loyalty and drive repeat sales.

post
1989

So many steps to climb, so many hills to conquer, and this is just to get to your first class at the ungodly hour of 8 a.m.! Did you ever notice that no matter where you go on this campus you either have to climb up or down a hill or an infinite number of steps? But, isn't it worth it? (We think you should sit down to read the rest of this.) After all the steps we've climbed and all the mountains we've conquered didn't we come out of this institution having bettered ourselves for completing this journey? Sure, at times the mountains seemed too high, the steps too long, but hung in there determined to finish what we started. Perhaps, we gained a little wisdom along the way. Well, what do you think? Is it worth it to you? If it is, turn the page and begin your journey into . . . the *Carontawan*. Do do do do do do . . .

You guessed it, it's MU!

Below Left: Where did all of the cars go?

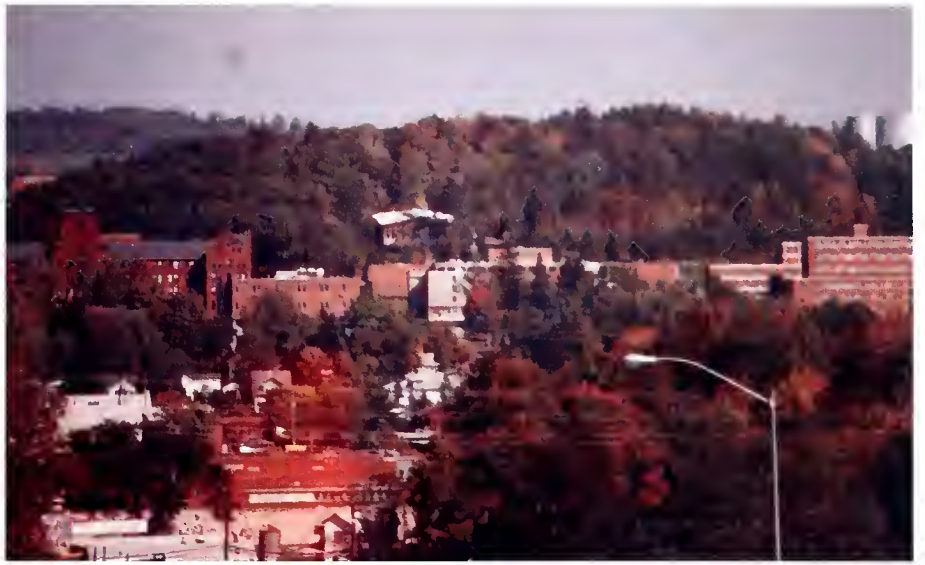

Above: What a view! Below Right: Take a stroll through the park

I have to do what to get an A!?!

MU from 15

Wouldn't you like to tiptoe through those?

It's not raining!!

The new Zanzibar

HOMECOMING - 1988

The day was full of excitement, hope, and laughter. It was a day of anticipation for many. The Mounties came out determined to win and win they did. They gave homecoming that extra special something. We, the Carontawan staff, would like to say congratulations on a job well done. To her royal highness, Deneida, you represent the best of Mansfield. To all those who worked hard to make the 1988 homecoming a success the Carontawan staff would like to say, "good going dudes!"

"Mom, can we keep him?"

Above: Deb, are we having fun yet? Below: Lisa takes her final ride as queen.

A hunting we will go.

We escaped from Butler!

I took a shower for this?

"Do you think we could stop at Mr. Donuts?"

You do Pinecrest proud.

Here comes the fuzz!

Defenders of tomorrow.

"What exactly is this song we are playing?"

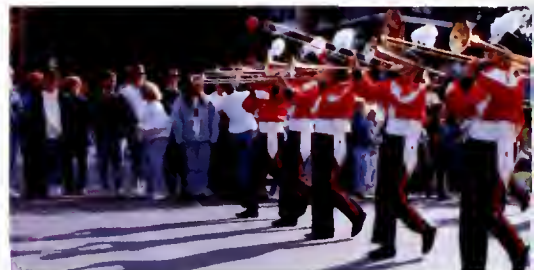

Typical Mansfield students!

"I can't believe they didn't give us live ammunition!"

Ah . . . isn't that the wrong shoe color?!

Me and my shadow.

"Are you sure it's the right note?"

Queen Deneida; enjoy the year!

"MINE!"

"Yeah, we're proud of this award!"

"Does this mean I get a 4.0?"

Tackle, the Mountie way!

The lone trumpet player

The huddled masses.

"Autographs anyone?"

"Nothing can keep us down!"

The fearless leader

"I know the answer!!"

We, the staff of the Carontawan, would like to wish all the seniors good luck as you leave Mansfield University. You started out as a freshman, that was the year you built up your leg muscles on these beautiful hills. Then you moved on to being sophomores. Ah, yes, step two, the climb was getting more difficult. But you made it. Now, you must remember your junior year. You were getting closer to the top step. The climb was difficult but you could see yourself three-quarters of the way to meeting your goal. Now you are on the top step as seniors. There is a door, as you know, at the end of these steps. You will soon be participating in the graduation exercises which will open the door to the world. The next step you make will take you into a career or perhaps it will take you on to graduate study. Whatever you do, always remember that you took those first steps here at MU. Again, good luck and congratulations.

“IDEALS”

AS YOU THINK, you travel; and as you love, you attract. You are today where your thoughts have brought you; you will be tomorrow where your thoughts take you. You can not escape the result of your thoughts, but you can endure and learn, can accept and be glad. You will realize the vision (not the idle wish), of your heart, be it base or beautiful, or a mixture of both, for you will always gravitate towards that which you, secretly, most love. Into your hands will be placed the exact result of your thoughts; you will receive that which you earn; no more, no less. Whatever your present environment may be, you will fall, remain, or rise with your thoughts, your vision, your ideal. You will become as small as your controlling desire; as great as your dominant aspiration

Chicago Tribune

A Nation Under the Influence

The party begins.

I can drive when I drink.

2 drinks later.

I can drive when I drink.

After 4 drinks.

I can drive when I drink.

After 5 drinks.

I can drive when I drink.

7 drinks in all.

I can't even handle a pen.

The more you drink, the more coordination you lose. That's a fact, plain and simple.

It's also a fact that 12 ounces of beer, 5 ounces of wine and 1 1/4 ounces of spirits all have the same alcohol content. And consumed in excess, all can affect you. Still, people drink too much and then go out and expect to handle a car.

When you drink too much, you can't handle a car. You can't even handle a pen.

We would like to thank Larry McCullen for all of his help. He is our Jostens representative and a very valuable part of our staff. He has always been only a phone call away when we needed him. Thank you so much Larry.

Also special thanks to :

Wow, it is done at last!! I will bet all of you out there were really wondering if you would ever live to see the 1989 *CARONTAWAN*. Well, here it is!!

On a more serious note though, the *CARONTAWAN* went through many changes this year, including three different Editor-in-Chiefs and a very small staff. I know everyone was getting very impatient waiting for this year's book and I regret that it is not of the quality I had wished. There is not much you can do with a staff of eight members and three different ideas of how this yearbook should be done and each idea was started, leaving behind a mass of confusion for me and my staff. But together we worked hard and now have a finished product of history for you to relive.

However, stay tuned for next year's book. The 1990 *CARONTAWAN* will be extra special! We have a whole new and different format with fresh ideas.

Anyway, I would like to extend special congratulations to the Seniors and wish you all the luck and hope for a great future.

I would like to thank my patient, hard working staff, Lonny Frost, Eric Funk, Melissa Nickerson, Sherry Pauls, Brian Harkness, and Susie Price. Without them and Larry McCullen, of Jostens Publishing and Abe Orlick of Davor Photography, this book would still be incomplete.

Thanks alot guys!!

Sincerely yours,

Jacqueline D. Frost

LONNY FROST

Being the Co-Editor and Art Editor, you can tell our staff was small, ranging from two to five members. Even with a small group BIG things are accomplished.

The 1989 Carontawan has been a long and difficult process because of many staff changes (Editor-in-Chiefs included). But what a project and you are looking at it.

I have watched the Carontawan go through many changes in my three years of working with it. Some good changes and some better.

The better changes includes someone who cared about getting a job done as best as possible with the resources available to us. I would like to thank our Editor-in-Chief, Jacqueline Frost for the uncountable hours she has put into this book. With a smile and encouragement she lead us to our destination.

As Co-Editor, I would usually mess up much of the paperwork, and run to Jackie for help. And surprising enough after all those hours working together on this book we took time off to exchange wedding vows on December 2, 1989.

So we thank our Editor-in-Chief for hanging in there.

Sincerely yours,
Lonny Frost

SPECIAL MEMORIES OF LIFE AT
MANSFIELD UNIVERSITY

autographs

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses, income, and any other financial activity.

The second part of the document provides a detailed breakdown of the accounting process. It starts with the identification of the accounting cycle, which consists of eight steps: identifying the accounting cycle, analyzing and journalizing the transactions, posting to the ledger, preparing a trial balance, adjusting entries, preparing financial statements, and closing the books. Each step is explained in detail, with examples and practical advice.

The third part of the document focuses on the preparation of financial statements. It covers the balance sheet, the income statement, and the statement of owner's equity. It explains how these statements are derived from the accounting records and how they provide a comprehensive view of the company's financial health.

The fourth part of the document discusses the importance of internal controls. It explains how internal controls help to prevent errors and fraud, and how they ensure the accuracy and reliability of the financial information. It provides examples of internal controls and discusses how they should be implemented.

The fifth part of the document covers the topic of depreciation. It explains the different methods of depreciation, such as straight-line, declining balance, and sum-of-the-years-digits. It also discusses the importance of depreciation in determining the true cost of an asset and its impact on the company's financial statements.

The sixth part of the document discusses the importance of budgeting. It explains how a budget helps to plan for the future, control costs, and measure performance. It provides a step-by-step guide to developing a budget and discusses the importance of monitoring and adjusting it as needed.

The seventh part of the document covers the topic of taxes. It explains the different types of taxes, such as income tax, sales tax, and property tax. It also discusses the importance of staying up-to-date on tax laws and regulations, and how to take advantage of tax deductions and credits.

The eighth part of the document discusses the importance of financial analysis. It explains how financial ratios, such as the current ratio, debt-to-equity ratio, and return on equity, can be used to evaluate a company's financial performance. It also discusses the importance of comparing a company's performance to industry benchmarks.

The ninth part of the document covers the topic of financial forecasting. It explains how financial forecasting helps to predict future financial performance and identify potential risks and opportunities. It provides a step-by-step guide to developing a financial forecast and discusses the importance of monitoring and adjusting it as needed.

The tenth part of the document discusses the importance of financial reporting. It explains how financial reports, such as the annual report and the quarterly report, provide a comprehensive view of a company's financial performance. It also discusses the importance of transparency and accountability in financial reporting.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses, income, and transfers between accounts.

The second part of the document provides a detailed explanation of the accounting cycle. It outlines the ten steps involved in the process, from identifying the accounting entity to preparing financial statements. Each step is described in detail, with examples provided to illustrate the concepts.

The third part of the document discusses the various types of accounts used in accounting. It explains the difference between assets, liabilities, and equity accounts, and how they are classified into current and non-current categories. It also discusses the treatment of contra-accounts and the importance of maintaining a balanced ledger.

The fourth part of the document covers the process of adjusting entries. It explains why adjustments are necessary and how they are recorded. It discusses the different types of adjustments, such as accruals, deferrals, and depreciation, and provides examples of how to prepare adjusting entries.

The fifth part of the document discusses the preparation of financial statements. It explains the different types of financial statements, including the balance sheet, income statement, and statement of cash flows. It provides a step-by-step guide to preparing each statement, from gathering the necessary data to calculating the final figures.

The sixth part of the document discusses the importance of internal controls. It explains how internal controls help to prevent errors and fraud, and how they can be designed to ensure the accuracy and reliability of the financial information. It provides examples of internal controls and discusses the role of management in implementing and monitoring them.

The seventh part of the document discusses the role of the auditor. It explains the different types of audits, including external and internal audits, and the responsibilities of the auditor. It discusses the audit process, from planning to reporting, and provides examples of audit procedures.

The eighth part of the document discusses the importance of ethics in accounting. It explains the different types of ethical issues that accountants may face, such as conflicts of interest and the pressure to manipulate financial results. It provides guidance on how to handle these issues and emphasizes the importance of integrity and honesty in the profession.

The ninth part of the document discusses the role of accounting in business decision-making. It explains how financial information is used by management to make decisions about the future of the business.
